

ADRIANA CRISTINA RAYGADA MIMBELA

Data Analyst | Public Policy | Sociologist

+51-996289429 ~ adriana.raygada@gmail.com

Lima, Perú

Monitoring and Evaluation specialist with 7+ years of experience in Peru's public sector, designing and evaluating large-scale, child and youth-focused programs and public-service modernization initiatives. Proven track record leading mixed-method evaluations and field data collection across 90+ localities, including crisis-affected coastal areas during the "El Niño" emergency. Experienced coordinating multidisciplinary and multi-stakeholder teams – government agencies, and field staff – and translating technical findings into policy briefs and executive reports for senior decision-makers. Strong quantitative foundation in demography and applied statistics.

Areas of expertise: Monitoring, Evaluation & Learning, Program & Field Operations Management, Child Protection & Safeguarding Policy

PROFESSIONAL EXPERIENCE

Presidency of the Council of Ministers (PCM) – Sub-secretariat for Quality of Services, Secretariat in Public Management

Project Specialist

March 2025 – Present

- Monitor technical compliance and progress of 20+ consultancies working with 8 local governments to improve public service delivery, including health and sanitation services.
- Supervise the implementation of OECD-aligned recommendations to modernize local government systems, ensuring performance indicators met international quality standards.
- Track and evaluate improvements in child health services (CRED – Crecimiento y Desarrollo), including monitoring service coverage, quality of care, and timely access for vulnerable populations.

Ministry of Education (MINEDU)

Research Specialist

November 2023 – February 2025

- Led the analysis of actors associated with performance in large-scale exams (100 000+ applicants) to identify potential biases that could disproportionately affect teachers from vulnerable regions.
- Processed and consolidated multiple large-scale databases, applying data cleaning, validation, and statistical analysis techniques to ensure data quality.
- Coordinated with multidisciplinary teams (statisticians, psychometricians, pedagogical specialists) to analyze results of national evaluations.
- Produced executive reports for senior leadership, translating technical findings into actionable policy recommendations.

Presidency of the Council of Ministers (PCM) – Sub-secretariat for Quality of Services, Secretariat in Public Management

Planning, monitoring, and evaluation analyst

March 2021 – August 2022

- Developed Dashboards for the Programa de Mejor Atención al Ciudadano (Better Service for the Citizen Program) to improve information management, used for key personnel.
- Coordinated with 25 public entities and regional governments that required technical support in the fulfillment of their competencies. Promote the implementation of quality standards in the public management in 6 public entities and 4 Regional Governments and 2 Local Governments.

Ministry of Education (MINEDU) – Monitoring and Evaluation Unit (USE)

Social Consultant

August 2018 – June 2019

- Analyzed the design of, and drafted recommendations for, the “Rumbo a la Autonomía” group-institutional strategy, part of the implementation of Peru’s National Basic Education Curriculum (CNEB)
- Produced executive summaries and policy briefs for seven design- and implementation-evaluations led by the Monitoring and Evaluation Unit (2016-2018)
- Conducted a qualitative study on the UCCOR-PRONABEC scholarship program, including the design of qualitative instruments (focus groups, interviews, observation) and report writing.
- Carried out fieldwork in universities and institutes in Trujillo and Loreto, interviewing scholarship recipients, higher-education authorities, and public officials.
- Monitored fieldwork across 6 regions and 18 districts as part of the national CNEB implementation evaluation

Ministry of Women and Vulnerable Populations (MIMP) – Bureau of Local Systems and Defender Offices

Social consultant

February 2020 – January 2021

- Authored a comparative analysis of the National Social Relations Surveys (ENARES, 2013/2015/2019), focusing on school and family violence variables in girls, boys, and adolescents.
- Established the guidelines of the Action Plan to promote Protection and Safety of Girls, Boys, and Adolescents against violence, within the framework of the UNICEF Global Alliance to Eliminate Violence against Children and the National Multisectoral Policy for Girls, Boys, and Adolescents by 2030
- Co-author of the DS N° 020-2021-MIMP, that approves the Strategy Ponte en Modo Niñez (Get into Childhood Mood) for the Protection of Children and Adolescents in the local environment; systematized and improved the previous experience.
- Evaluated the “Sonrie” (Smile) strategy; implemented in 92 areas of the country: designed quantitative and qualitative research instruments, led fieldwork in coastal areas affected by the “El Niño” phenomenon (floods and heavy rains), and authored the report with recommendations.

Ministry of Development and Social Inclusion (MIDIS) -Bureau of Targeting Design

Team coordinator of Amazonian indigenous areas

January 2017 – October 2017

- Analyzed the database consistency and performed a quantitative analysis to validate the instrument Participatory Wealth Ranking methodology with regard to the Proyecto Pilotos de Mecanismos de Validación de la Clasificación Socioeconómica (Pilots of Validation Mechanisms of the Socio-economic Classification Project).
- Coordinated the application of qualitative instruments (focus groups PWR, interviews) and quantitative tools related to Participatory Wealth Ranking in 19 Amazonian locations. Furthermore, I applied instruments in 10 of these cities, located in Loreto, Ucayali, Cusco, and Purús.

TEACHING EXPERIENCE

- Generating Big Data, Department of Political Sciences – Universidad Científica del Sur (2026-1)
- Statistics for the Sociological Analysis 1, Department of Social Sciences – PUCP (2025-2)
